

Md Mehedi Hasan Naeem

CSE Student and AI/IoT Researcher

Purbadhala, Netrokona, Bangladesh | mehedinnaeem00@gmail.com | +880 1943806813 | mehedinnaeem.dev

Professional Summary

Computer Science and Engineering student with research and project experience in smart agriculture, edge AI, multilingual voice systems, computer vision, NLP, and sustainable intelligent systems.

Education

Jatiya Kabi Kazi Nazrul Islam University - B.Sc. in Computer Science and Engineering, 2023/02-Ongoing

Coursework: Programming Languages, Algorithms, Data Structure, Database, Cyber Ethics, Computer Architecture, Microprocessor, Data Communication, DSP, Cryptography.

Experience

Founder and CEO, Amader Online School

Creating educational content for students across various subjects.

Programming Trainer, Mid-Day Programming, JKKNIU

Conducted programming sessions for juniors, focusing on problem-solving and programming fundamentals.

Class Representative, JKKNIU

Served as class representative for 1.5+ years, managing communication between students and the department.

Leadership and Extracurricular Activities

Intel Student Ambassador, Intel Corporation

Promoting Intel technologies including oneAPI and AI tools, and organizing technical workshops for the university community.

Vice President, JKKNIU Research Society

Coordinating research and community initiatives.

Senior Vice President, JKKNIU MUN Club

Managing events, training delegates, and supporting organizational activities.

President, Dewpara Brothers Sporting Club

Leading club operations and coordinating sports/community activities.

Event Organization & Volunteering

Organized and coordinated workshops, seminars, campus programs, and community events.

Skills

Programming and Development	C, C++, Python, Java, JavaScript, R, Django, React
Web and Frontend	HTML, CSS, Bootstrap, Tailwind
AI and ML	Deep Learning, NLP, Computer Vision, Intel oneAPI, OpenVINO, GenAI, TensorFlow
Tools	Git, Docker, CI/CD, Agile, Notion, Microsoft 365
Others	IoT Integration, Embedded Systems, Database Management, Raspberry Pi
Soft Skills	Leadership, Event Management, Public Speaking, Mentoring, Team Coordination

Research and Projects

- Solar-Powered IoT-Based Smart Farming Model (SPISFM) - IEEE i-COSTE 2025, accepted and presented, DOI: 10.1109/i-COSTE68047.2025.11467551.
- IoT-AI Safety Assistance System for Emergency Response - 13th International BILTEK Congress, presented.
- Intelligent Solar-Based Agricultural Automation System - MEETCON-WORK International Congress, presented.
- Deep Learning-Based Tree Canopy Detection for Afforestation - satellite imagery, NDVI, GIS, and U-Net segmentation.
- ML-Based Flood Impact Detection on Cropland - machine learning and satellite imagery for flood-affected cropland analysis.

- LUMO - Lightweight Unified Multilingual Orchestrator - offline Raspberry Pi 5 multilingual voice assistant under review at ICEFront 2026.
- ML-Based Prediction of Restaurant Food Waste - 77,980-sample sustainability dataset with Random Forest performing best among tested models.
- Banana Disease Detection Using AI and Computer Vision - CNN-based work in progress.
- NLP Analysis of Kazi Nazrul Islam Poetry - Bengali sentiment and topic analysis work in progress.
- Smart Campus and Smart Transport - IoT/app-based smart campus and transport system.

Achievements

- Successfully completed the ALP Leadership Program organized by Harvard University.
- 1st Runner Up, TechMind Hackathon organized by Mid-Day Programming Club.
- Top 10 among 200 teams, Innovatex Hackathon organized by BUBT IT Club.
- Certified to present research at 11th IEEE i-COSTE 2025, 13th International BILTEK Congress, and MEETCON-WORK International Food, Agriculture & Veterinary Sciences Congress.
- Participated in NASA Space Apps Challenge 2024 and 2025; participated in Hult Prize Program 2023 and 2024.
- Awarded government scholarships at PSC and JSC levels in Bangladesh; received awards in Marathon, Cricket, and Football.
